CLIENT GEO REPORT · Demo · sample data

Verde Solar Instalaciones

Residential solar installer · Andalucía, Spain · Scan of 40 buyer prompts across 5 AI engines · 1–25 Sep 2026

September 2026 | Export PDF | Share with client

GEO score
42 / 100
▲ 6 pts vs August

AI share of voice
18%
Leader: SolarNorte at 34%
▲ 4 pts vs August

Prompts where client appears
11 / 40
Cited with link in 5, name only in 6
▲ 3 prompts vs August

Incorrect facts about client
3
Service area, founding year, warranty
Needs fixing at source

Visibility by AI engine

Share of the 40 prompts where Verde Solar is mentioned or cited

Perplexity	31%
ChatGPT	22%
Google AI Overviews	16%
Gemini	12%
Claude	9%

Perplexity and Google AI Overviews read live web results, so on-site fixes show there first. ChatGPT and Claude respond more slowly to change.

Competitor share of voice

Who AI recommends for the same buyer questions

SolarNorte	34%
EcoTejado	27%
Verde Solar (client)	18%
SunHogar	13%
Others	8%

SolarNorte appears in 3 "best installers in Andalucía" lists that AI engines cite often. That is the main gap.

Prompt results

What buyers ask, and whether each engine includes the client. Showing 8 of 40.
